New York Insurance Law (Chapter 28) LexisNexis

This practical guide contains seven modules targeted at district and health facility staff. It intends to meet the demands to improve immunization services so as to reach more infants in a sustainable way, building upon the experiences of polio eradication. It includes materials adapted from polio on planning, monitoring and use of data to improve the service, that can be used at any level. Revising the manual has been a team exercise. There are contributions from a large number of experts, organizations and institutions. This new edition has seven modules. Several new vaccines that have become more readily available and used in recent years have been added. Also the section on integration with other health interventions has been expanded as exciting opportunities and experiences have become evident in the years following the previous edition. Module 1: Target diseases and vaccines Module 2: The vaccine cold chain Module 3: Ensuring safe injections Module 4: Microplanning for reaching every community Module 5: Managing an immunization session Module 6: Monitoring and surveillance Module 7: Partnering with communities.

Federal Equal Opportunity Reporter LexisNexis

Written in plain English with a touch of humor (the best medicine) Life's Little Emergencies, A Handbook for Active Independent Seniors and Caregivers is a medical crisis handbook for active

independent seniors and caregivers alike. The first section of the book covers techniques and conditions common to senior citizens: skin tears, fractures, and dehydration to name just a few. It discusses life-saving techniques like CPR and the Heimlich maneuver. The first aid information is backed up by research and twenty plus years experience of actual care by someone who still treats real victims first hand. However, Life's Little Emergencies, A Handbook for Active Independent Seniors and Caregivers is much more than just a first aid book. The remaining sections discuss learning life-saving skills, how to assess and treat an injury, when you feel sick, the great outdoors and much more. It's a manual for planning and making serious medical decisions and for getting help when seniors need it most - at home or on the road. It includes ways to "call 911" even in other countries where 911 is a different number entirely. Life's Little Emergencies, A Handbook for Active Independent Seniors and Caregivers guides the reader through anything from a minor cut to a major stroke. There are do-it-yourself first aid tips as well as ways to be prepared for an emergency, advice on when to reach out for help, and how to take care of oneself. Full of practical, clear, and easy-to-understand advice, this resource ensures that every household with an older person is prepared for any medical emergency from cuts to cardiac arrest. Special Features of Life's Little Emergencies include: Step-by-step instructions take the reader through life-saving and first aid skills Illustrated throughout with steps steps illustrated as appropriate Sidebars throughout the text provide additional information Each chapter includes a source list for individuals who want more information on the tips and advice in the book

NEW YORK TIMES BESTSELLER • From the stars of the Netflix

series Get Organized with The Home Edit (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. “A master class on how to arrange even your most unattractive belongings—and spaces—in an aesthetically pleasing and easy-to-navigate way.”—Glamour (10 Books to Help You Live Your Best Life) Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it’s not hard to do—in fact, it’s a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea’s signature approach to decluttering. The Home Edit walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don’t need another do-over in six months. When you’re done, you’ll not only know exactly where to find things, but you’ll also love the way it looks. A masterclass and look book in one, The Home Edit is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there’s nothing like a little ROYGBIV to soothe the soul). Above all, it’s like having your best friends at your side to help you turn the chaos into calm. Includes a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397).

The Consolidated Omnibus Budget Reconciliation Act LexisNexis

Every year, millions of Americans revisit their doctors, suffer needlessly, and even are hospitalized because of a prescribed drug. Now, at last, there's a guide that helps you steer clear of these all-too-common hazards. And the help comes from nurses,

the health professionals you trust for the care you need. America's leading nurses, in cooperation with pharmacists and doctors, prepared this guide to hundreds of the most commonly prescribed drugs. What's more, this NurseAdviser guide covers dozens of drugs you can get without a prescription. Everything in this book is written clearly and in plain English. And all the drugs are listed in easy-to-find alphabetical order. For each drug, you'll find out how to take it - plus what you should do if you forget a dose; which side effects can occur - and what you can do to relieve or even prevent them; when side effects can signal an emergency and require immediate medical attention; which other drugs you must avoid to prevent dangerous reactions; when drinking alcohol can be hazardous and what you should know about the drug if you're an athlete, pregnant, breast-feeding, or an older adult. Using dozens of illustrations, this book shows you the medically correct way to use drops and inhalers, apply ointments, handle injections, and give yourself just about any other form of medication - easily.

Medicare Hospice Manual Admission Test Series (Ats)

Something everyone has the power to do is reduce your cancer risk, and this book will show you just how easy it is to do it. Each year, over a million people in the United States alone hear the words no one ever wants to hear: You have cancer. But what if there was a way for fewer people to hear these words? One of the biggest myths regarding cancer is that it’s mostly genetic - meaning that you have no control over whether you get it. While genetics do have an impact, the truth is that your lifestyle and environment play the major role. Physician and Chief Medical Offer of WebMD John Whyte, MD, MPH, shares straightforward information and equips you with strategies to help you on a journey to better health. In Take Control of Your Cancer Risk, Dr. Whyte provides helpful tips including: assessing your cancer risk knowing which screenings you need, and when learning the role food, exercise, and sleep play understanding the relationship between stress and cancer Take Control of Your Cancer Risk is filled with practical advice that empowers you to really take control of our health.

Pharmacy Technician Certification Exam (Ptce) LexisNexis

Get the solid foundation you need to pass the NCLEX-PN® exam and succeed in practice! deWit's Medical-Surgical Nursing: Concepts and Practice, 4th Edition builds on the fundamentals of nursing with complete coverage of adult medical-surgical conditions, including roles, settings, health care trends, and all body systems and their disorders. It provides special attention to care of older adults, those with chronic illnesses, and residents in long-term care settings. Written by nursing educator Holly Stromberg, deWit's Medical-Surgical Nursing makes exam prep easier with NCLEX-PN® review questions, and reflects national LPN/LVN standards with an emphasis on evidence-based practice and patient safety. Safety alerts emphasize safety precautions to protect patients, family, health care providers, and the public from accidents, spread of disease, and medication-related accidents. Older Adult Care Points address the unique care issues of gerontologic nursing, and describe assessment and interventions for long-term care patients. Nursing care plans show plans of care based on patient history, including patient goals and outcomes, with critical thinking questions allowing you to assess your understanding of nursing care concepts. Assignment Considerations cover task delegation from the RN to the LPN/LVN and from the LPN/LVN to unlicensed assistive personnel, as allowed by each state's nurse practice act. Get Ready for the NCLEX® Examination! section at the end of each chapter covers key points and includes review questions to help you prepare for

class tests and the NCLEX-PN examination. Focused Assessment boxes show how to collect patient data, including history, physical, and psychosocial assessment. Home Care Considerations focus on adapting medical-surgical nursing care to the home environment after discharge. Cultural Considerations promote understanding of various ethnic groups and sensitivity to differing beliefs and practices. Communication boxes help in developing therapeutic communication skills in realistic patient care situations. Patient Teaching boxes provide instructions and guidelines for educating patients on post-hospital care. Legal and Ethical Considerations describe legal issues and ethical dilemmas that may face the practicing nurse. Think Critically encourages you to synthesize information and apply concepts to practice. Nutrition Considerations emphasize the role nutrition plays in disease and nursing care. Medication tables provide quick access to dosages and side effects of commonly used medications. Key terms include phonetic pronunciations and text page references, making learning easier with terms listed at the beginning of each chapter, appearing in blue at first mention or where defined in the text, and defined in the glossary.
